OWNERSHIP EQUITY

SABELO GROUP CONSTRUCTION/LANDSCAPING is fully black empowered and is owned 100% by Mr. S Ntuli. He only employs previously disadvantaged people and shares his profits with his staff indirectly by paying them high salaries.

MANAGEMENT

The sole member currently carries out management and marketing functions. He believes that fellow member(s) of the previously disadvantaged groups should be offered opportunities to grow. To this end only these persons will be employed and employees will be encouraged to further their experience and training through the services rendered by the close corporation.

MARKETING AND SALES

The sole member carries out most of the marketing & sales functions. Currently the target market is quasi – government, municipal and large corporate concerns. These concerns are opened to Black Empowerment Enterprises and in particular if they are owned and managed by youth. These concerns publish public tenders, which are mostly freely available.

SUPPLIES

Products will be sourced and purchased in the operational areas in order to support local businesses. Preference will be given to fellow black empowered enterprises as far as possible. Despite the afore mentioned, quality and price is not compromised and this suppliers will be approached to ensure the best is provided to clients.
